

Included in our reference sheets are approximately 900 of our 1350 dental clients who utilize our on going financial plan monitoring and advisory services. All clients of CWA are given the opportunity to be a reference. Once a year, all new financial plan monitoring clients are asked if they would like to be a reference. Once documented permission is given, they are included on this list. All clients remain on this list until they are no longer clients of the Firm, request to be removed or some other legal reason. CWA uses no performance based criteria in selecting clients for this list. It is not known whether the references below approve or disapprove of the Firm or the advisory services provided.

Cain, Watters & Associates, PLLC

Client References Listed by State

Title	First	Last	Specialty	City	State
